- 09H00/13H00 Visit to restoration site by bus for Congress participants

## INFORMATION - DETAILS

**The** International Workshop of Professional Wallers aims to bring together professionals in the art of building dry stone from all areas and all nationalities to exchange ideas and information on the techniques involved with the restoration of a particular structure.

The reconstruction of the "Es Pinaret" Barraca, a traditional peasant animal shelter typical of the Balearic region, located 2 km from the city of Ciutadella in a wooded park, will be an opportunity to discuss the respective practices and experiences of the wallers of the island of Menorca and the craftsmen from other corners of the planet.

**The** photographic documentation shows the various repairs planned on the Barraca. The internal built structure of it is still good. Degradations at the outer envelope of the steps, on the upper part of the corbelled vault and on the jambs of the entrance door are to be restored.

Two Menorcan profesional wallers will join us to guide the work and help us discover the traditional building techniques of the region.

On Friday, 26th, the International Congress will start by visiting the site and examining the achievements of the work in restoring the Baracca.

**Location:** "Es Pinaret", 2 Klm from CIUTADELLA DE MENORCA. (Balearic Islands)

**Accommodation:** Hostel "Es Pinaret" is just 300m from the site of the Workshop. 2 dormitories with 10 beds and 2 dormitories with 5 beds, showers, dining room and equipped kitchen, will be booked and free **for active participants in the Workshop only**, from the **20st. to 29th. of October**.

Info under: [http://www.ajciutadella.org/Contingut.aspx?IdPub=2214#\\*](http://www.ajciutadella.org/Contingut.aspx?IdPub=2214#*)

Bus station nearby.

**Meals:** The lunches will be organized as a buffet for which everyone will contribute.

**Tools:** All the larger tools needed for the work will be on site. Some local hand tools will be available also, but it is desirable that each waller brings these own tools.

**Fees:** The work done is not remunerated. No participation fee is required although it is desirable that participants become members of the SPS to support these actions and international congresses.

## ORGANISATION

### INFORMATIONS, INSCRIPTIONS:

**Urs Lippert**, Member of the organising Committee of SPS
